

In compliance with Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product

Execution of steel structures and aluminium structures – Part 1: Requirements for conformity assessment of structural components

Structural design and production of steel structural components for structural use in all types of construction works. Execution class EXC1, EXC2 and EXC3, manufacturer provided component specification (MPCS) and purchaser provided component specification (PPCS) for structural design and calculations and declaration of component properties in accordance with method 2, 3b and 3a.

placed on the market under the name or trademark of

MAFI AB

Box 275

SE-792 24 Mora, Sweden

and produced in the manufacturing plant

MAFI AB, Seljavägen 15, 792 95 Mora, Sweden

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in annex ZA of the standard

EN 1090-1:2009+A1:2011

under system 2+ are applied and that

the factory production control is assessed to be in conformity with the applicable requirements.

This certificate was first issued on 2014-10-15 and will remain valid as long as neither the harmonised standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified factory production control certification body.

Issued by notified body 0402.

The validity of this certificate can be verified at RISE homepage.
